**WE WANT TO CLEAN NOT
MESS UP THINGS**

**E.S.L E- eco friendly, S-
saves, L-lives**

By building electric we save the environment. Regular cars give of gas which causes pollution. Are cars don't give off pollution. If we use these electric cars we can reduces the pollution the is being put in the sky. So if we keep putting more and more pollution in the sky so one day we will have to mask. I'm petty should no one wants to
