Course Description and Objectives: *Supervised practical application of the principles of entrepreneurship, social entrepreneurship, and free enterprise.* Although you may take this course as a one- semester course, this course supports Enactus in both the fall and spring semesters. **It is my hope that you will continue as a member of Enactus after the completion of this class.** This course will provide you with a greater understanding and appreciation of the American free enterprise system. In addition, you will enhance your team building, leadership, and communication skills which are necessary to thrive in a free enterprise system. You will create, organize, and execute projects in the local, regional and international communities. The course will better prepare you for competing and entering into your chosen career fields. The skills you gain will add value to your overall undergraduate education experience. Finally, the course provides you with opportunities for networking with community and business leaders. This course is open to all majors.

## Learning Outcomes:

1. Students will demonstrate an understanding and appreciation of the American free enterprise system. (VSU General Ed Outcomes #1)
  - a. Students will create programs to teach others about how our free enterprise system works.
2. Students will use computer and information technology. (VSU General Ed Outcomes #3, LCOBA Learning Outcome #7)
  - a. Students will work with K-12 students and LAMP residents teaching them basic computer and software knowledge.
  - b. Students will use Internet technology (listserv, website) to communicate on a daily basis.

3. Students will communicate effectively in creating and executing service-learning projects. (VSU General Ed Outcomes #4, LCOBA Learning Outcome #2 and #6)
  - a. Students must submit written project proposals. These proposals must effectively communicate the learning objectives of the project as well as the resources necessary to successfully execute the project.
  - b. Students must orally present these projects to the class. They must be able to generate enough interest in their project to secure sufficient resources.
  - c. Students must continually present project updates during class meetings and via the Internet.
  - d. Students must give a formal audio-visual multimedia presentation of their projects to various community service groups as well as to a panel of judges at Regional and National competitions.
4. Students will demonstrate knowledge of ethics and teach others effective ways of resolving moral problems. (VSU General Ed Outcomes #8, LCOBA Learning Outcome #3)

**Administrative Procedures:** Classes will begin at 3:30 pm. We will discuss programs, develop job search skills, and have guest speakers. All seminars are mandatory. This class revolves around free enterprise, service, and entrepreneurship. The grade you earn in the course *will reflect* the *quality* of your work within the path. All the options are outlined below. Please note; this document can change.

**Special Needs:** Students requesting classroom accommodations or modifications due to a documented disability must contact the Access Office for Students with Disabilities located in the Farber Hall. The phone numbers are 245-2498 (V/VP) and 219-1348 (TTY).

**Attendance:** **Attendance will be taken at the beginning of each class session.** If you are not in attendance at that point and come in later, then you need to see me after that class session to convert the absence to a late notation. We will have 15 class sessions. If you are absent more than three (3) classes, for whatever reason, you will automatically receive an F in the course. This policy complies with the 20% rule for absenteeism in the VSU catalogue. If you are consistently late, I will factor your tardiness into your final grade.

**Grading:** Your final grade for the course is calculated by summing your numerical scores for the activities described under the Course Contract section below.

A-90-100  
B-80-89  
C-70-79  
D-60-69  
F-59 and below

**Fall 2021 News:** We are looking for people that want to be leaders – leaders of our current projects and new projects. If you think you have got what it takes to be a leader, ask for a Leadership Application.

## COURSE CONTRACT

### I. Team Contribution- (50 pts. total)

Each student will sign up to participate on a major community service project. New projects will be rolled in at the beginning of each month and new assignments will be made at that time. You will need to register at the following:

1. [www.vsuenactus.org](http://www.vsuenactus.org)
2. <https://www.enactusunitedstates.org/>
3. <https://valdosta.presence.io/organization/enactus>

These 3 tasks are week one assignments!

**Due to Covid-19, our normal community service projects, Boys and Girls Club, Oral Lee West, Hudson Doekett, and the Greenhouse Project, have been suspended! All Projects are now available! We need leaders for each!!!**

Breakdown requirements for Community Service Projects

1. A minimum of 30 hours of participation in a major Community Service Project
2. A minimum of 20 hours of additional work on another project or activities

*You may earn hours for attending the first meeting of a project. After that in order for meeting hours to count towards your total hours, you must have recorded participation hours at that project. You WILL NOT receive hours for simply attending a project meeting if you do not participate in the project.*

You must have a minimum of 30 total hours participation in one of the following projects: Boys and Girls Club, the Greenhouse Project, the International Project, or Blazin' Cafe. 15 of the 30 hours must be completed by Midterm. You MAY NOT MAKE UP the first 15 hours in the second half of the semester. In addition, you must have a minimum of 20 hours in a second project or other activities. Hours for all projects are recorded on Project Sheets by the Project Chair. Other Projects may be introduced during the Semester.

*Excused absences from any project should be brought to the attention of the course instructor prior to the day of the assigned project.*

### II. Oral Presentation - (30 pts.)

#### THINK TANK

The purpose of this presentation is twofold – to get you to THINK and to give you the opportunity to present your ideas. The top three presentation could possibly be turned into projects and funded.

We are already taking entrepreneurial action to create a better world for us all. But we've got more work to do. Together, we can achieve the Global Goals.

Enactus is participating in the 17 Global Goals by 2030 program. ([www.enactus.org/globalgoals/](http://www.enactus.org/globalgoals/))

In addition to the Global Goals, there may be a social enterprise that you are passionate about.

You will prepare and present a professional group presentation on a social enterprise that you are passionate about or on one of the Global Goals. It will include the following: (but not limited to)

1. Name of your social enterprise or Global Goal and background information
2. Relate your findings to the Valdosta economy or an International location
3. Design a project that helps meet the social enterprise that you are passionate about or Global Goal

you've chosen

3. Target audience and projected results

4. Resources and contacts needed

5. Submission of written paper

**You will form Groups of 4.** Once your group has formed (**by Week 2, if your Group is not formed I will assign you to a group**), one representative from your Group will draw, out of a hat, a presentation time, to present your presentation. (Please remember, when presenting - DO NOT READ YOUR SLIDES!)

**Presentations should be about 5-7 minutes.**

#### IV. Resume & Mock Interview (20 pts)

You will construct a well-prepared resume with the assistance of Carla Gervin and/or Lynette Hepburn-Richardson, Office of Career Services. You will also participate in a mock interview. Mock Interview sessions begin September 8<sup>th</sup> and end October 29<sup>th</sup>. You must use Blazer Briefcase. **You MUST make an appointment for your mock interview!**

#### V. Exit Paper

By the end of the semester you should have learned about the Valdosta community and how your Projects fit in it. In this paper, you should highlight your successes and failures in relation to the Projects you've chosen, their impact on the people you've served, and how the Projects might be changed or modified to make an even greater impact. Several other things to include would be what new things you learned and how you believe you can apply these skills in the future. I want you to express your involvement in the organization.

*(This paper serves as the Final Exam experience for this course and is mandatory!)*

#### ***Class Schedule and other important Dates:***

**The following schedule is subject to change.**

##### **August - Wed -18th**

Introduction to ENACTUS – What is it all about?
