 - Sanjay Gupta

Gleim Presentation

On February 2, 2012, Beta Alpha Psi and the VSU IMA student chapter held a joint meeting for a Gleim representative to come and speak on behalf of Gleim CPA/CMA review. It was a very informative meeting that provided great detail as to what can be expected on either exam. The speaker discussed how the Gleim review can be very beneficial to students looking to take the exam and what special discounts are available to

any IMA student chapter member. The Gleim representative conducted a raffle. The prize consisted of either being provided with free review material for one part of the CPA exam or for one part of the CMA exam. One member of the IMA student chapter won the raffle.

CORE Leadership Event

On February 18, 2012, several members of the VSU IMA student chapter conducted a leadership building course sponsored by CORE of VSU (Center for Outdoor Recreational Experiences). It consisted of team building exercises such as obstacle course manipulation. It was an enjoyable and valuable learning experience for the members. The members were able to high wire walk while depending on other team members for support and balance. This required

trust of the other team members. They also qualified for the zip line experience, after passing all the team building and leadership tests.
